Virginia Frost Proof Cabbage  
Plants

**WEIRWOOD, VA.**

---

Have you ever considered the superiority of **Virginia Frost Proof Plants?** Plants Frost Proof, grown in Virginia where it is not so warm, season not so early as in the Carolinas and Georgia, transplanted in the North live better, grow better and it takes more care and cost to grow them in Virginia than in warm early climates.

# Buy the Best

---

And buy of a man who has grown and sold them for 20 years.

My stock this season is large and grown from the best seed to be had and the plants are as near perfect as it is possible to grow them.

No order has been sent to me in 20 years unfilled or money refunded if plants were all sold.

Plants did not suit me last year but alright this year.

Prepared to bill all orders promptly--No delays.
